

Scheduling Programs

All programs are scheduled on a first come first served basis.

Programs will be held rain or shine unless cancelled by the Park District.

Be sure to dress for the weather, as all programs may have an outdoor segment, barring weather extremes.

Contact the Bartlett Nature Center
847-608-3100 press 2 when prompted.

Programs can be scheduled during regular business hours, evenings and weekends

Wetland Wonders

What is a wetland and why are they important? Learn what animals call a wetland home. You can be a good steward in wetland preservation by knowing the importance of water as a valuable resource.

(Grade Level: Preschool - 8th)

Feathered Friends: Birds

Come fly with us as we investigate bird characteristics and habits using hands-on experiences. Discover the unique adaptations birds possess and the various feather types. Students can try their hand at nest building and see if they can migrate safely back home through an interactive game.

(Grade Level: Preschool – 8th)

Tracking Tails

Animals live in the most interesting places. As you hunt for holes, look under logs, and peek at the prairie can you discover whose house you are looking at? What kind of animal left that footprint? Come with us as we discover the wonders of wildlife.

(Grade Level: Preschool – 3rd)

Habitat Hunt Animals and their Habitats

Students will find clues that reveal the four components of all habitats and how they are important to the survival of living things. Participants will learn concepts in understanding how plants and animals are interconnected.

(Grade Level: Preschool – 8th)

Sun and Seeds

Do you know that you actually eat roots, stems, and flowers? Discover the four basic needs of a plant and plant your own seeds to take home!

(Grade Level: Preschool – 3rd)

Teeny, Tiny, Wonders

What are tadpoles? Do earthworms have ears? How much weight can an ant lift? Students will explore nature using their five senses to develop wonder and curiosity about our natural world.

(Grade Level: Preschool – 3rd)

Earth Keepers, Go Green!

Learn about the three R's: Reduce, Reuse, Recycle as we explore how to be good care givers of our planet earth. Calculate your carbon footprint and explore nature's recyclers.

(Grade Level: Preschool – 8th)

Insect Safari

Insects are amazing creatures loaded with fascinating adaptations. Let's get buggy as we learn the importance of insects as plant pollinators and how that relates to our source of food. This program teaches students how to identify and classify insects by noting their unique characteristics.

(Grade Level: Preschool - 8th)

Colors of Nature

Color, color everywhere. Uncover the magnificent ways plants and animals use color. From camouflage to attracting pollinators, colors play an important role in nature.

(Grade Level: Preschool – 3rd)

Custom Class

Design with our staff a custom class to cover what students are currently learning about.
(Any Grade)
